It gives me immense pleasure to know that S. M. Joshi College is organizing national conference on 'Role of Libraries and Information Technology in Development of Society'. I am sure that the conference will provide a platform to the academicians and experts to come together and discuss the topic. I hope that the participants from various parts of nation will take part in it and it will prove to be fruitful from future point of view. Library is considered as the purveyor of information, the custodian of knowledge, and the house of learning that plays a vital role in the development of any society by catering for the information needs of thousands of peoples. Libraries play a fundamental role in our society. They are the collectors and stewards of our heritage; they are organizers of the knowledge in the books. As public institutions, they assure equality of access for all users. They take the knowledge of the past and present, and lay it down for the future.

However, libraries in modern time need to change. Now, they cannot only be passive repository for books and other printed materials. They should upgrade their services by digitizing their resources for online use. These services should be accessible to anyone, regardless of time or location, through digital communication devices. However, libraries in modern time need to change. Now, they cannot only be passive repository for books and other printed materials. They should upgrade their services by digitizing their resources for online use. These services should be accessible to anyone, regardless of time or location, through digital communication devices.

Surely, this conference will bring together eminent scholars to discuss the role of libraries and information technology in the development of society. I wish this conference all the best and grand success.

Dr. Anil Patil

Dr. Ganesh Thakur
Secretary,
Rayat Shikshan Sanstha,
Satara, Maharashtra, India.

I must appreciate efforts of Dr. Arvind Burungale for organizing the national conference on 'Role of Libraries and Information Technology in Development of Society' which indicates how S. M. Joshi College, Hadapsar strives to achieve academic progress.

Today the world has moved from the industrial age into information age. Man's quest for knowledge has led to the creation and accumulation of tremendous amount of information. Libraries have been playing significant role in providing a good education and knowledge of high quality because they Practically acts as agents of educational, social, economic and political changes.

It is necessary that libraries should grow alongside information technology where the use of electronic services & web based information resources constantly increases quality and user oriented services

I would like to congratulate the Principal, the department of Library and Information Science, and the organizing committee for organizing national seminar which will definitely broaden the scope of selected theme for betterment of stakeholders. I wish the organizers a grand success for their initiative towards quest for excellence.

Dr. Ganesh Thakur

Dr. D. D. Patil

Joint Secretary,
Rayat Shikshan Sanstha,
Satara, Maharashtra, India.

The conference on 'Role of Libraries and Information Technology in Development of Society' will definitely open up different avenues in the field of scholarly research and academic pursuit. I hope that this conference will be fruitful for all the participants and organizers.

Library is treasure-house of knowledge and information contained in the books and documents because we want to preserve our knowledge and wisdom for the coming generations. By preserving the documents in a library this knowledge can be made available to others so that they can benefit from it. The central mission of a library is to collect, organize, preserve and provide access to knowledge and Information. In fulfilling this mission, libraries preserve a valuable record of culture that can be passed down to succeeding generations. Libraries are an essential link in this communication between the past, present and future.

So, it is imperative that all libraries (public, academic, research and special) change gear and develop at an accelerated pace. Development in information communication technology (ICT) has enabled libraries to provide access to all, and also bridge the gap between the local, the national and global.

I must congratulate the Principal, the department of library and information science, and the organizing committee of S. M. Joshi College for organizing this activity. I wish this conference all the best and grand success.

Dr. D. D. Patil

Principal Dr. Arvind Burungale

Associate Professor,
S. M. Joshi College, Hadapsar, Pune
Maharashtra, India.

Convener

It gives me great pleasure to welcome all participants in the national conference on “Role of Libraries and information technology in development of society”.

We would like to extend our warm welcome to all honorable guests' distinguished speakers, participants and students from various colleges in our College. Ours is one of the leading and reputed educational Institute which is run by Rayat Shikshan Sanstha, Satara, Maharashtra, established by Late Padmabhusan Dr. Karmaveer Bhaurao Patil. It is affiliated to Savitribai Phule, Pune University, Pune. In this year academic year, 2014-2015, more than 3,000 students enrolled in various faculties from std. XI to PG. Recently SP Pune University has granted one research center to our college.

College library provides students with a brand range of knowledge as well as experience, with an emphasis on cataloguing. It is a set of abilities requiring individuals, it recognize when information is needed and have the ability to locate, evaluate, and use effectively the needed information. It is also important in the contemporary Environment of rapid technical changes and proliferating information resources.

Our S. M. Joshi college is committed to create an excellent learning environment. We are dedicated to enhance the growth of students through various activities, like, Cookery competition, handwriting contest, Drawing competition, education completion and book fair. Our college has also center like competitive guidance and IBPS. These centers arrange the lectures of experts.

Today, our college boasts of spacious Campus, state-of- the art infrastructure and highly acclaimed faculty trained at leading University in Pune, Maharashtra. We believe to provide holistic education. We also provide various opportunities of knowledge and skills in areas that we believe are important for student all round development.

I am sure that this conference would provide an opportunity for young librarians to exchange information among them and help student's researchers and academicians within the national boundaries. This will lead path for tacking effective measures to fasten the use of IT in libraries in order to achieve development of the society.

Dr. Arvind Burungale

Maharashtra, India.

Co-ordinator

It gives me immense pleasure to welcome all the Honorable Chief Guest, Resource persons, faculty of colleges present this compendium, which is to be released on the occasion of the national conferences on “Role of Libraries and information technology in development of society”. As you all aware that Pune is the place where various experiments and tanning on literary issues is carried. Therefore I feel Pune is the right place for holding such conference. I welcome all the eminent scientists, delegates and researchers come from across the I hope we will able to provide a comfortable stay to them with suitable environment for developing and discussing various issues of library and information technology for the development of ideal society.

Our inspiration and President of the institution Hon. Shri.Sharad Pawar; Chairman, Hon. Dr. Anil Patil; Prin. Secretary Dr. Ganesh Thakur; Chairman, Western Regional Office, Hon. Adv. Ram Kandage, all LMC members .This event would not have been possible without the support of our Principal Dr. Arvind S. Burungale .I really thankful to them for their valuable guidance .

The grants from U.G.C. New Delhi has made this conference possible. We are indeed grateful to U.G.C. for their financial support. The help from teaching faculty, administrative staff and students are also worth mentioning. I express my gratitude to the endowment speakers and delegates for attending the conferences. I hope that discussions and recommendations made by participants during the conferences will accelerate the rate fundamental research and awareness in this area.

I am sure such events assist the concerned researchers and academicians to update their knowledge in the related fields.

This conference provides a platform for researchers to present their research papers, articles and reports. Further this conference would motivate young Librarians in research to carry out more inventions.
